## BULGARIA QUILTS FIGHT; ALLIES MAKE TERMS

First of the Countries to Break  
Away From Lost Cause—  
Turkey Will Follow.

Washington Sept. 30.

The first break in the alliance with the central powers has come. Bulgaria has signed an armistice, and hostilities between the nation and the allies will cease. The allied terms as reported semi-officially, include the demobilization of the Bulgarian army and Bulgarian withdrawal from allied territory.

## OHIO COUNTY CAPTAIN OF INDUSTRY PASSES AWAY.

Milton McLeod Bardwell, General Manager of the Taylor & Williams Mines in this County, after two years of persistent illness passed away on the early morning of the 26th, of last month, at his residence at Taylor Mines.

Mr. Bardwell was born at Winona, Miss., forty-four years ago. He received his education in his home town and at Oxford University of that state. When most a youth he engaged in business at Louisville, where his capabilities attracted the attention of the Byrno & Speed Coal Company and others having large coal interests in this County and he was soon placed in full charge of one of the largest coal and coal producing interest in Western Kentucky.

Fifteen years ago he was married to Miss Mayme Barnard the lovely daughter of Capt. and Mrs. I. P. Barnard, originally of this county. They came to this county and lived alternately at Williams and Taylor Mines where they were always in social touch with their many and devoted friends at Hartford, Beaver Dam and at the Mines.

Mr. Bardwell was a natural leader of men with a warm social side for his intimate friends. While he exacted of his men at the mines a strict performance of the business phase of their engagements he was always open minded, frank, fair and patient in hearing their complaints which were during his management, always adjusted to the entire satisfaction of his men and the Coal Company he represented; for, during the whole period of his connection with the mines he never had a strike or other serious trouble with his employees. He always had the endorsement and unqualified confidence of his employers. His business course, from the very start, has been on the upward trend.

While it seems a merciless decree of Providence to have stricken down one so capable of good, so helpful to labor and capital, so cheerful and pleasing to all in the very zenith of his manhood. Yet, his friends and family have a comfort in this that his life was both useful and beautiful, that he wore gracefully and courageously the armor of true citizenship. When he laid it down in his prime he took no chances at marring his corner with the ill, suffering and erudite of senility. He did his work well and rests well.

Mr. Bardwell is survived by his wife, his father and mother, Mr. W. M. Bardwell of Winona, Miss., and one half sister, Mrs. Knox. The funeral took place at his father's residence in Winona, on the afternoon of the 27th, of last month.

## HOUSTON RIOTER HANGED.

Negro Soldier Implacable in Murders  
Meets Death Penalty.

San Antonio, Texas.—Private William D. Boone, a negro soldier, formerly of Company 1, 24th Infantry, was hanged at daybreak this morning at Fort Sam Houston. It was announced by Brig. Gen. J. A. Ryan. The negro is the sixth whose death sentence in the Houston riot cases was affirmed by President Wilson recently.

In transmission from Washington the results of two courts-martial came separately. The five negro soldiers hanged last week were convicted at the second trial, while Boone was convicted at the third.

Twenty-six other negro soldiers sentenced by the same courts-martial were taken to Fort Leavenworth this morning by a guard under command of Capt. J. E. Gough of the

Third Infantry. Twelve of them are to serve life sentences, five to serve terms of 15 years and the remaining nine two years each.

The execution of Boone and the taking to Leavenworth of the others marks the end of the Houston riot cases at Fort Sam Houston.

Nineteen negro enlisted men of the 24th Infantry have paid the death penalty for participation in the riot at Houston in August of last year, in which 15 white persons were killed and 12 others wounded. One negro soldier killed himself, and 98 others were sent to prison for terms ranging from two years to life imprisonment. Thirteen of those sentenced to death were hanged at Fort Sam Houston last December, five on Sept. 17, and one to-day.

## WILL CONDUCT MEETING AT FORDSVILLE.

The above is a likeness of Evangelist J. V. Coombs, of Indiana, who will conduct a meeting at the Christian church, Fordsville, after the second Sunday in this month. Mr. Coombs is a minister and lecturer of wide notoriety, having preached and lectured in every state in the Union and in foreign countries. He is the head of one of the largest educational institutions in Indiana, and is annually connected with some of our greatest chautauquas. There will be good singing, good preaching and a spirit of Christian fellowship at this meeting. Come out and bring your friends.

## A RECORD DAY'S WORK.

A young lady of Herald acquaintance, living on Hartford Route 2, holds the record, we believe, for one day's work. This young woman is housekeeper for an aged parent and a sick brother; she has the entire management of the household, including the preparation of the three daily meals, the dusting and brightening up, and all the multitude of other things that go to fill up the catalogue of a housekeeper's daily tasks. Yet to our knowledge, one day last week, she did all her house-work, had the three meals steaming on the table with prompt punctuality, and after this went to the field, cut, hung and housed 120 sticks of tobacco, in one day. This young lady is no criterion, but only an example of what can be accomplished when the feminine hand takes up the work left vacant by masculine departures. Not only is she winning the admiration of the male fraternity in this community but is helping Uncle Sam in a material way to deliver the knockout blow to the Hun. The Herald refrains from giving her name for fear some other fellow will step in and beat the writer's time.

## "BRITISH DAY" WILL BE OBSERVED NOVEMBER 9.

New York.—A resolution to organize a committee to co-operate with patriotic societies throughout the country in the celebration of "British Day" on November 9 in commemoration of the British defense of Ypres, "which has taken its place in history as one of the eleven decisive battles of the world," was unanimously adopted at a meeting here to-day of officers of the Sulgrave Institution. It was also decided that the institution co-operate with a commission appointed by Gov. McCall, of Massachusetts and prominent citizens of Great Britain who are members of the institution in regard to the programme for international celebration in 1920 of the tercentenary of the landing of the Pilgrim Fathers.

## AVIATORS AGAIN NEEDED IN UNITED STATES ARMY

Enlistment Rolls Reopened For  
Voluntary Induction of Those  
In Draft Age.

Washington, September 25.—Production of aircraft and motors and the training of the aircraft personnel are now so well advanced, the War Department announced the other day, that additional pilots, observers and mechanics are needed. To secure these men the air service enlistment rolls have been reopened for voluntary induction of men of draft age.

Since last March no civilians have been accepted for aviation schools, but it was announced that the fast moving overseas of air squadrons, planes, motors and materials, together with the completion of 19 flying fields, 1,200 de Havilland planes, 6,000 Liberty motors, 6,600 training planes and 12,500 training engines, has allowed all of the 6,600 prospective flyers enrolled last year, as well as a number of men promoted from the ranks, to get their chance at the flying tests.

Candidates as pilots and observers must be between 18 and 30 years of age and balloonists between 18 and 45. They may apply for examination before the aviation boards in Atlanta, Boston, Chicago, Dallas, Ft. Sill, Los Angeles, Minneapolis, New York, San Antonio, San Francisco, St. Louis, Washington and the Panama Canal zone.

Skilled men for enlistment in the ranks may be between 18 and 45. These who pass the trade tests at concentration camps will be sent into service at once special training.

Since the declaration of war, the announcement said, the enlist strength of the air service has increased from 1,110 to 147,434.

## NAVY TO ENLIST WOMEN.

"Yeomenettes" to Be Enlisted as  
Clerks and Stenographers in  
Washington.

The local navy recruiting office yesterday received instructions from Washington to enlist 60 young women, between the ages of 18 and 35, as "yeomenettes," to serve in clerical capacities as clerks and stenographers.

The recruiting officers state that the women accepted will be sent to Washington. They will be paid \$97 the first month, \$101 the second month and \$108 the third month. This includes subsistence. Promotion after that will be according to merit. The women must be able to write 60 words a minute in shorthand and 40 words a minute on the typewriter.

No one need apply who cannot leave Memphis next Monday.

The recruiting office at Memphis will be closed within the next 30 days for the duration of the war. The order was issued by Lieut. F. J. Walcott, Nashville. The office will remain open long enough to send the men on the lists now to training stations.—Memphis Commercial Appeal.

## LIBERTY LOAN RALLIES.

That the people of Ohio County may be fully informed as to their patriotic duty with reference to the Fourth Liberty Loan and that the bonds offered is a safe and profitable investment, there will be speaking on this subject by the following:

Rev. A. D. Litchfield, Hopewell October 12th, 7:30 p. m.  
Rev. Walter Greep, Olaton, October 4th, 7:30 p. m.  
Rev. A. D. Litchfield, Mt. Carmel, October 6th, 3:00 p. m.

## DRAFT REGISTRATION.

In Kentucky Shows 267,005, While Estimate Was 254,108.  
Washington.—Complete returns received Monday by Provost Marshal General Crowder show draft registration in Kentucky of 267,005, as compared with an estimate of 254,108, and in Oregon 106,986, against an estimate of 84,404. Corrections on the complete returns from Arkansas and Illinois show an actual registration in Arkansas of 193,569 as compared with an estimate of 198,740, and in Illinois 52,131, as compared with an estimate of 59,834.

## PEACE MOVE PROMPTED BY HOME UNREST

Rumor From Germany Indicates  
Kaiser Fears Internal  
Uprising.

London.—The view that the Austrian peace note was issued under urgent pressure of conditions within the Central Empires is supported by all information that leaks across the frontiers. Responsible opinion in this country has always protested against any undue hopes being founded on the economical stress in Germany and Austria, and the British public has been urged to remember the extraordinary power of the German race to adapt themselves to a much lower scale of living and the hopelessness of an attempt at revolution by old men, women and children in these days of machine guns.

But in the last few days rumors have taken on a new complexion. They are unconfirmed, but they point to some sensational happening behind the scenes in Germany. The Kaiser's recent speech to the Krupp workmen proves how overwrought he is, and certain passages in it, censored as they were, as the German press has complained, hardly read like that of a sane man. There may consequently be some ground for the story that he is suffering from severe nervous breakdown.

## Kaiser May Be Actor.

Another rumor has it that the Kaiser, foreseeing the utter ruin of his house, is contemplating one of these dramatic moves so characteristic of his temperament. One of his most renowned predecessors, it is remembered, Charles V., in the sixteenth century, left the world for a monastery; and if he really may be thinking of some spectacular act of renunciation, it is remarked here, the Allies would easily provide a suitable place of retreat, which the Lutheran Church might find it difficult to offer.

Setting aside these reports, however, another view of the situation, note, widely accepted in London, is that it was issued to prepare the German people for a retreat. That would make it out to be inspired by the military chiefs. They, it is contended, see that they must relinquish Belgium in order to shorten the line on account of their destroyed divisions, and they wish to prepare the German people for this practical acknowledgement of military failure.

Want To Detach France.  
Moreover, with characteristic misunderstanding of the psychology of their enemies, the German still believe they could detach France from her allies by the return of the occupied French territory and some concessions about Alsace-Lorraine; and for this reason they would like to see the Entente involved into informal secret conversations.

The proper reply to that, many here believe, would be a brief definite joint statement of the Entente's war aims. A year or two ago it might have been difficult to draft that; but now the Allies have reached quite a close enough agreement among themselves to make it simple to draw up such a pronouncement.

## HARTFORD SCHOOL NOTES.

Two new teachers have recently been elected by the Board of Trustees. Miss Mary Laura Pendleton was chosen to take the place of Miss Elizabeth Moore who formerly had charge of the primary department. Miss Moore resigned to accept the position as secretary for the civilian relief work of Ohio County. She is now in Indianapolis receiving instructions in her new work. Miss Moore has been on the faculty for the past four years and has made a splendid reputation as teacher. We wish her success in her new work. Mr. O. D. Carson has also been elected to fill the vacancy made by the resignation of Prof. J. T. Hoagland and will have charge of the sub-high school department. Prof. Hoagland was a valuable member of the faculty last year and he will be greatly missed. He has moved to Booneville, Ind., to take charge of the American Co-operative store at that place. The new teacher come highly recommended and we expect from them the same high class service as rendered by the two just resigned.

Mr. Swames, a state Y. M. C. A. worker, visited the school last week in behalf of Bible Study work among the boys in the High School. A Bible study club was organized with Wade Martin president, Edward Ford Vice president, and Leslie Hagerman secretary. The club will meet at the High school every Thursday night. Mr. Harold Frazer, bass-baritone and character entertainer, rendered the first number of the Lyceum Course last Thursday evening. The attendance was good and all enjoyed his varied program greatly. The sale of season tickets was large enough to pay for the entire course of five numbers. The rest of the money will go to the improvement of the school. The senior class met last Friday and elected officers. John Allen Wilson was chosen president and Martha Pate secretary-treasurer. The class ordered their rings and invitations.

Ensign Otis Howard, a graduate of the High school, was present at the opening exercises Monday morning. He addressed the student body and told of his many experiences as a sailor. It has been sick enough to die of sea sickness, rocked and tossed for three days at a time in a storm, and has spent two weeks in Sunny France.

Henry Sproule, of Dundee, entered school this week. Carroll Whitaker and Cayle Riggs, of Hedin were also enrolled. This brings the total enrollment of the High school to ninety-two. The following pupils are enrolled from the county:

Seniors—Everett Ashby, Amelia Barnett, Rose Elieylin Collins, Leslie Hagerman, Newton Rhoads, Mabel Rhoads, Powell Tichenor.

Juniors—Robert Carson, Odie Harper, Flora Rhoads. Sophomores—Harold Ashby, Sadie Dean, Willie Bennett, Helen Barnett, Myrtle Carter, Wilda Chinn, Kitha Boss Dodson, Ella Henry, Dewy Johnson, Mary Lindley, Jessie Newcome, Meville Rhoads, Raymond Robertson, Geneva Twiddell, Lonbel Williams, Slighton Tomes, Henry Sproule.

Freshmen—Emily Bell, Haskell Bennett, Ersel Bennett, Mattie Jane Bennett, Elsie Boyler, Bessie Clark, George De Bruiler, Tina Midkiff, Vera Midkiff, Marie Thomas, Kathleen Tichenor, Geneva Travis, Luther Tamer, Wlanie Westerfield, Georgia Hagerman, Floella Smith, Laura Ford, Cayle Riggs, and Carroll Whitaker.

## NOTICE.

Pursuant to resolutions adopted by the Ohio County medical society, I will expect immediate settlement for all professional services from this date, unless in charity cases, and that condition having been made known at time of call. Too much time has been lost trying to collect accounts heretofore made. So parties owing me will save us both trouble by prompt settlement now.

## OHIO COUNTY'S QUOTA FOR FOURTH LIBERTY LOAN

\$256,000—Government Has Fixed  
This Amount That Must  
Be Raised.

St. Louis, Mo., September 27, 1918. The quota of Fourth Liberty Loan Bonds to be sold by Ohio county, in the campaign that opened Saturday, Sept. 28, and closes Saturday, October 19, covering a period of three weeks is \$256,000.

This county's quota in the Third Liberty Loan was \$84,900 and the amount of bonds sold totaled \$242,050.

The quota for the present campaign is considerably larger than for former loans, and to reach the sales allotted, and go over the top and demonstrate to the world that our county is 100 per cent American depends upon the prompt response of the citizens.

This county has done its full duty in the past, and now that our boys are on foreign soil, ready to wrest victory from the Hun, there is no question but the loyal citizens of the county will do their full duty.

## NINETEEN TEACHERS AWARDED CERTIFICATES.

Nineteen teachers and assistants took the examination for certificates in the last test, and all passed. Taking into consideration the fact that this examination was unusually hard, it speaks well for those who took it, that out of nineteen applicants there were no failures. The highest grade was made by Prof. C. E. Allen, of Fordsville, whose average was 84.11; with Mrs. E. S. Howard ranking a close second with 84.1-11; as for average. Ten made first class certificates and nine, second.

The names of those who made first class certificates are as follows: C. E. Allen, Mrs. E. S. Howard, Clara A. Crabb, Horlene R. Madsen, Winnie Dean Moseley, Mary J. Maddox, Mrs. Pearl Ferguson, Mrs. Lorraine Rowan and Norma Page.

Those who made second class certificates were: Elizabeth Daniel, Nellie Arnold, Hazel Woodard, Anna Pentreas, Lena French, Myrme Keown, Mrs. M. F. Fought, Mrs. Paul Paris, Mary Humble.

## LIBERTY'S RECORD STANDS.

None of American Flyers Has Yet  
Equalled His Score.

With The American Army On The Lorraine Front.—The latest aviation records show that none of the American flyers has as yet equalled the record of the late Maj. Raoul Lafferty, with his 17 aerial victories. The latest man to be rated as an ace, although as yet unofficially, is Lieut. Frank Luke, Jr., of Phoenix, Ariz. Although he is as yet credited with only three victories he will soon have at least six more added to his score. During the operations around St. Mihiel alone he has brought down 11 German balloons and three airplanes.

## GETTING UP IN THE MORNING.

Getting up at three o'clock in the morning was the toughest feature of his job in France, declares Walter C. Plank, a Y. M. C. A. man, who has just returned to his home in Jeromeville, O., after ten months' service overseas. From other sources it is learned that most of the time Plank was in France he was in "Y" huts and dugouts under almost incessant shell fire. But he feared the German Big Berthas less than he did his own Big Ben.

"How I used to groan when the call came," says Plank, "because I never was an early bird by choice." But when I thought of those younger men soon to come in from their long night of trench duty I jumped out from under the covers and into my clothes and by the time they arrived at the "Y" hut the coffee and chocolate were steaming on the stove.

"If the American people could see the satisfaction rendered the fighting men by this simple service they'd dig twice as deeply into their pockets when comes the November United War Work Campaign drive."

#### Captives.

WITH THE AMERICAN ARMY IN THE CHAMPAGNE, July 18 (United Press).—After killing or capturing the crews of four machine guns and raking a German-filled trench with his automatic rifle until the survivors surrendered, Sergt. J. F. Brown walked into American Headquarters late yesterday with 150 prisoners.

I am sorry, sir, that I was unable to bring in all I had," he said in reporting, "but four of the wounded died on me."

Brown, separated from his platoon...

## Sergeant Brown was hard to satisfy

Four machine-gun crews to his credit was a pretty fair record for one day's work. But why leave a perfectly good trench half filled with Germans? Brown didn't.

The hail of machine-gun bullets could not stop him. He was not thinking of them. Shrapnel was bursting all around him. He did not heed. His rifle was so hot he

couldn't touch it, so he laid it in the hollow of his arm and kept on firing; the Germans kept on yelling "Kamerad!" and throwing down their guns. Brown forgot danger and death, he forgot that he was alone against a hundred and fifty Germans. He forgot everything but his job—Victory. And he walked proudly into camp with one hundred and fifty-nine prisoners.

We've got a big job over here, too. We must provide guns and shells and food and clothing for men with the spirit of Sergeant Brown—to send them forward to Victory. Let's do our job as he did his—fearlessly, persistently and quickly. Brown didn't wait to do his duty—why should you?

### Direct Appeal From President Wilson.

THE WHITE HOUSE  
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential movement. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first and are now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

Many a heart is being ground to pieces in the mill of circumstances.

A few good buys of Liberty Loan Bonds will save us many good-byes to our boys going to France.

A ready-to-wear manufacturer announces, "Lady's dress goods going higher." Lord, deliver us!

The inevitable has happened. Four years of bloody war and a German prince has been slightly wounded.

If the paper doesn't measure up to its standard in this and the following weeks, remember the local editor is up to his elbows in Liberty bond work, and make your complaints to our Uncle Sammel.

Our well, where three pet snakes were recently captured, has been cleaned out, a new trough installed, and now affords us good drinking water as any public well in Hartford. We commend the councilmen for their attention to this matter.

We are not disputing that agriculture is as necessary as the army or anything of that sort, but we can't help thinking that those who declare they can serve as well in the field as in the trenches, have an eye to the fact that bullets don't fly as thick in the former as in the latter.

"Pershing's Crusaders," shown at the Star Theatre Monday, is the one official war-film given out by the Committee on Public Information. Its delineation of America's industrial and military preparation is extremely realistic and makes the American feel a glow of pride in the thought that he is a citizen of so great a country.

Summer days are over. The fragrant roses wither on the stem, and petal by petal, waste away on the sighing winds. The fennel and the ironwast are dying; the bright-headed goldenrods are fading, and the chatter of departing song-birds lades the cool crisp air. With a sigh that is akin to sorrow yet glowing with the smiles of memory, Summer topples into Autumn's arms.

Ohio County's quota in the Fourth Loan is nearly four times what it was in the third. Yet we should not be awed or discouraged. We are fully four times more determined to win the war than we were a year ago; fully four times as many of our boys are in camp and overseas; fully four times as much material prosperity has come our way in that time and we should gladly greet this loan with a new courage and greater enthusiasm.

If the war has done nothing else, it has broken down the old conventionalities that have so long held the world in a servile bondage. The old idea that royal blood must wed royal blood is fast vanishing. Recently a princess of England became the bride of a Scotch painter, with the king's consent. And now the heir apparent of the Homanian throne has called down papa's wrath by slipping off and getting married to a pretty peasant girl, none of whose ancestors ever wore a crown.

We like the way the congressional campaign is being carried on. There is little of that howling, boisterous and bitter partisanship being manifested, that has been a marked feature of former campaigns. Politics, with the great thinking class of Americans, has been relegated to the back ground for the duration of the war. Whether Mr. Johnson or Mr. Haug will go to congress, he can say it is by the voluntary vote of the people, and not because their minds were warped and blinded with partisan prejudice.

According to statistics, the price of clothing has advanced 108 percent; the cost of living 106 percent; the cost of print paper over 100 percent.

We must wear, live, and have paper. If we run a newspaper, and in order to do this we must have what is due on subscriptions. If you enjoy The Herald, which doubtless you do, you should pay up at once, as the government will force us to stop your paper on November 1, if it is more than three months in arrears. This is no collection scheme but the order of Uncle Sam. By coming forward now you will assist us and be sure of your paper another year.

There is an unprecedented shortage of skilled and unskilled labor in all the marts of trade, and wages are soaring to points never dreamed of before. The government, being forced to compete with private concerns, is offering astounding prices for even the commonest workhands. Recently, we heard of a common country carpenter receiving \$23 for every Saturday evening and Sunday's work. While this seems outrageous, we must take into consideration the fact that this job will probably no last more than a few months, and after the war will be done away with entirely. Thus we can see that the man who has a regular position and stays with it, even if the price is not so good, is infinitely safer than the boom job-hunter.

After the war, public opinion is going to be strong against the man who plays the slacker's part now. He may find security in the thought that he has deferred classification, and that with all the others dying over there, he will be at home safely enjoying the fruits of freedom which they fought with their life-blood, but a great reaction is bound to take place when the boys come home with a scorn on their faces for these unprincipled cowards who refuse to do their duty. There are some who cannot go, others who can serve better here, in the industrial or other branches of service; against these there will be no sentiment. But those who purposely evade draft, must suffer the sting of a scornful populace.

Day after day the casualty lists come in. Tens, yea, hundreds of our boys give their lives each day on the fields of France. Their precious blood stains the soil of a foreign country. They are yours, ours, products of our land, our homes and firesides. Each day familiar names, boys whom we have long known and with whom some of us have played, appear; boys whose names, we cherish, whose infant prattles memory has indelibly stamped upon our hearts. The little brown curls on the pillow, the dirty-faced youngster at play; he is now the handsome soldier-lad who is dying out there—far from a mother's caresses or a father's tender care. And yet America goes on in the same old way—unchanging, apathetic America—with profiteers rampant and traitors making insidious remarks. Out of respect to those boys in France, if for no other reason, we should put a stop to these things.

## MARY BURCH GENTRY DEAD.

Mrs. Mary Burch Gentry died at her residence near Friedland last Thursday night of pneumonia and complications. Her funeral was interred in the family burying grounds on the Denule St. Clair place. Mrs. Gentry who was 60 years of age the 2nd day of January 1918, had been a member of the M. E. church about 40 years; and held her membership with the Shiloh church during the whole of this time. She was united in marriage to Joseph Gentry, December 21st, 1879. To this union was born a daughter, Pearl Gentry Goff.

Her husband, Joseph Gentry, died Feb. 21st, 1889. The deceased was the oldest daughter of Mr. and Mrs. John Hoover, who are each in the 83rd year of their ages. Besides her parents, daughter and Grand-children, she leaves a brother, C. M. Hoover and sister, Mrs. L. C. Crawford surviving.

It can be truly said that a good Christian woman has gone on to her last reward.

## ANCIENT COUNTERPANE.

Mr. W. W. Lloyd, of near Barrett's Ferry, has in his possession a counterpane which has been in use for over a century. It was woven by Mary King, a relative of Mr. Lloyd's ancestors, down in North Carolina and was carried by the emigrants across the Appalachians when they came to settle in the fair fields of Kentucky. It was spun of home-grown cotton, and woven on an old-fashioned loom; with its beautiful sections and cross-sections, forming a variegated background of flowers and artistic suggestions, it is a master work of needlecraft. This counterpane is an heirloom in the Lloyd family and is kept as a memento of the one who wove it years and years ago.

## ORDERS-OHIO COUNTY FISCAL COURT, SEPTEMBER 5TH, 1918.

Hon. MACK COOK, J. O. C. C. presiding.

On motion of Esq. Shown, it is ordered that the question of voting a tax of the sum of twenty (20) cents on the One Hundred (\$100.00) dollars worth of all property subject by law to local taxation, under Section 157a of the constitution, for the improvement and construction of the public roads and bridges of the county be submitted to the voters of Ohio County. Said tax to be levied each year for five consecutive years immediately following said election. The taxes to be collected and accounted for by the Sheriff, at the same time and in the same manner and by the same process that he collects other taxes, and an election is hereby ordered to be held throughout Ohio County and in all the voting precincts therein, on the 5th day of November, 1918, upon the proposition of whether or not a property tax of twenty (20) cents on each One Hundred (100) Dollars worth of property in Ohio County shall be levied for five (5) consecutive years, next immediately following said election for the purpose of improving and constructing, either or both, the roads and bridges of the county.

Said election to be advertised, held and conducted in the manner and according to the several provisions and requirements of the laws of the Commonwealth of Kentucky, now in force governing such elections and under the general election laws of the Commonwealth of Kentucky, where same relate and apply to elections held to determine the above question and no amount of money in excess of the amount that can be raised by the levy in any one year, shall be expended in that year.

S. A. Bratcher, Sheriff of Ohio County, Ky. is hereby appointed, ordered and directed to advertise the time and purpose of the election and the amount of taxes to be levied each year and the number of years for which it is to be levied and collected in the newspaper published in Ohio County, having the largest circulation for thirty (30) days before the said election and he, the said Sheriff, will cause a poll to be opened in each and all the precincts in and throughout Ohio County, on the above named date, as the law in such cases directs, and he may advertise said election by having a certified copy of this order published, as above directed, and W. C. Blankenship, Clerk of the Ohio County Court, is ordered and directed to furnish said Sheriff with a certified copy of this order, as it appears upon the Order Book, in time for said publication.

The said Sheriff and County Clerk are further ordered and directed to do and perform each and every thing required under the laws of the Commonwealth of Kentucky, in advertising and conducting such election and in the preservation of the ballots and the canvassing and certification of the votes and said election is directed to be held in all respects as required by law governing such elections.

It is further ordered that it is the sense of this court, in the event said election results in favor of the levy and collection of such tax, as aforesaid, the money thereby derived shall be so used and apportioned as that in each magisterial District of the county. There shall be used the sum derived as aforesaid, in such district, for improving and constructing, either or both, the roads and bridges therein from said tax though this shall not in any way restrict or impair the expenditure of other lawful funds in each respective Magisterial District, for said purposes, just as funds are now and have heretofore been used, so far as such funds may be necessary and available, and in the manner provided by law, and that a more adequate and effective method of working the roads be put in operation than is now in effect. Ayes and Nays being called resulted in all of the Justices present voting in the affirmative, thereupon the motion was declared. Mack Cook, J. O. C. C. carried and so ordered.

State of Kentucky, \_\_\_\_\_  
County of Ohio, \_\_\_\_\_  
I, W. C. Blankenship, Clerk of the Ohio County Fiscal Court, do certify that the foregoing is a true and correct copy of the order as appears on the Order Book 3, page 573.

Given under my hand, this 30th day of September, 1918.  
W. C. BLANKENSHIP,  
Clerk Ohio County Court.

Pursuant to the foregoing order, and, by virtue of the power vested in me as Sheriff of Ohio County, Kentucky I hereby cause the aforesaid order to be published as required by law, and further, direct and shall cause the various officers whose duty it is, to open a poll in each of the voting places within the County of Ohio on Tuesday, November 5th, 1918, to take the sense of the qualified voters upon the question as set out in the above and foregoing mentioned order.

A BRILLIANT REMARK.

"We are going to take Augustus Owsley Stanley's hide and hang it to a pole." This ornate sentence is from that favorite of the Republican party, Hon. Edwin P. Morrow, and when it was delivered to a Louisville audience, we are told that the applause that greeted it lasted fully three minutes, thereby indicating the character of the crowd that could so fully appreciate such brilliant and very coarse oratory. Mr. Morrow does not seem to learn by experience. He tried to hang that hide himself once and ingloriously failed, though he made a better showing than Bruner or any other Republican will ever make again. Such a speech is not calculated to raise Mr. Morrow in the estimation of genteel people if it does create a furor with a certain class of Republicans.

In the hospital, Waynesboro, N. C.  
Mr. Luther Johnson,  
My Dear Father:  
I got your letter and was sure glad to hear from you. I am getting along all right now, but I am not out of the bed yet.  
How is everything around Rosine now? I guess it is getting lonesome there now, with the boys gone. Are the people around Rosine buying any Liberty bonds? It is a lot better to buy bonds than to go to the army. It is a lot better to buy "No Mans" land than it is to fight for it, and that is a good way for the boys who are not able to go to do their bit. If they want to do anything and the one that does fight, for the boy at the front needs everybody's help. They can't fight if they don't get help. That is what makes the German soldiers do good. They get backing from home, and that is what does the fighting. The whole German army is doing it. Answer soon.

## AMERICA'S FRONT IS FROM NO MAN'S LAND TO PACIFIC

DEPTH OF OUR FORCES DESCRIBED BY AMERICAN OFFICER TO BRITISH COMRADE.

### BACKING LINE WITH BONDS

Support of Battle Forces Extends From France to Your Own Doorway.

It was just after the American troops had taken over their first sector on the Western front one day last fall. An English officer was talking with an American captain who had just come back from a tour of duty in the trenches. They were talking military problems and the Englishman asked:

"What is the depth of the American front?"

"From the German barbed wire in No Man's Land to the Pacific Coast," was the American officer's answer.

Of course, the Englishman referred to a military technicality when he asked his question, and yet the American captain was right. He told the whole story of American participation in the war when he made it plain that all of America is in the battle front.

America had not been in this war six months till we all understood it was a different sort of a war from what we had expected. Years ago we all pictured war as a struggle in which a few from each community went away, while the great majority of the people stayed at home and went about their business and life went along undisturbed. We know better now. We realize we are all in the struggle.

#### All Are Enlisted.

Those who cannot fight, who cannot work in war plants, who cannot help in Y. M. C. A. huts or Red Cross hospitals can help nevertheless. The Liberty Loans offer an opportunity for every man and woman in America, for every American under the protecting shadow of the Stars and Stripes to help support the battle front of America far across the seas in Europe.

The front reaches all the way back to our pay envelopes, to the money that was brought in for a load of wheat, to the returns from a corn crop, for building a house, for a day's work at the mill or in the fields.

Every bond that is bought strengthens the American front by just that much. It makes it just that much easier for the Americans to drive the Hun back. It stiffens the American line by just so much against those grim massed attacks of field gray shock troops that Von Ludendorff loves to send against the Allied lines.

Every Liberty Bond is helping the Americans. It is helping the French and the English and Italians, who are fighting as they have never fought before. It helps hold all the more solidly that deep American front that stretches back of No Man's Land and reaches all the way across the Atlantic, across the Alleghenies, across the wide stretches of the Middle West, across the Great Plains and wall of the Rockies and ends at last at the Pacific beaches.

That is what the American front is like for depth, and it is as wide as the country that stands back of us and as solid as the credit of American institutions.

#### Must Keep Front Solid.

It is kept as solid and enduring as the Rockies by every American lining up to buy his share of the Liberty Loan that is at hand. It cannot be kept as solid and safe in any other way. It takes money to fight wars and support armies. It takes more money to build merchant ships and destroyers and submarine chasers.

Every one of us will have to think this out honestly and carefully. It won't do to just buy as small a bond as we can afford to buy. The American front is weakened by that kind of patriotism. When the time comes to sign up for the Fourth Liberty Loan take every dollar you can spare and get into it for all you can possibly afford. It is a good investment, none better in the history of the world, and it is helping to bolster up that Awerdahn front that is going to smash into the Kaiser's domain one of these days and send the whole German nation crashing down to defeat.

When you buy a bond you are making it certain that the American front is being supported all the way from France to your own doorway. It makes you a part of that magnificent body of fighters who are massing over in France to put an end to the Kaiser's dream of levying tribute from a once free America.

#### Dig Deep for Dollars.

Help harass the Hun—make militarism miserable—kill Kultur completely—buy Bonds bountifully.

"A rose to the living is more than a sunflower wreath to the dead," means for one thing that your purchased Fourth Liberty Bond will avoid many an occasion for "wreaths."

### FINISH THE JOB NOW!

#### TO OUR STRAW HAT. (By Walter Greep.)

Dear old top-piece, stiff and light,  
You are sacred in our sight,  
For in summer days gone by,  
How you sat so homely  
On our bean, napping now,  
While our fast perspiring brow  
Poured liquid streams into each  
eye;

But the summer days are gone,  
Frosty winter's creeping on,  
And dear old straw, we'll have to  
say goodbye!

Alas, it seems but yesterday  
When we wore you the live-long  
day,  
Nor ever thought the birds would  
sneeze,

Or wind sting like a bumble-bee;  
Or B. V. D's we now derive,  
Our low-cuts we have thrown  
aside.

The mournful tale is sad to tell;  
But dear old straw, our last to  
lose

Of summer wear the right to use,  
Will have to say to you a long  
farewell!

A massive felt in color brown,  
In fiber soft as elder-down,  
Now crowns the brow, once flushed  
and bold,

Now pale as Santa Claus with cold;  
And high upon the garret shelf,  
Where rests our books and kind-  
red pelf,

We lay the old straw with this  
song:  
And now with many sobs and sighs  
And tear-drops swimming in our  
eyes,

We breathe at last, dear old straw-  
hat, so long!

Now rest in peace, until the spring  
With buds and flowers comes  
whispering—  
Unless we wear upon our head  
A regulation hat instead,  
A gas-mask and a helmet too—  
Dear old straw-hat we'll call for  
you,

We'll brush the ribbon, clean the  
straw,  
Then place you jauntily on our  
knot  
And wander round the grassy lot,  
And tell our friends, "See my  
new panama!"

#### SULPHUR SPRINGS.

We are having a light frost every  
night and tobacco growers are work-  
ing overtime and hiring every man  
or woman they can find to help get  
their crop in before it is ruined by

the heavy frost. Tobacco is stain-  
ed a little but experienced growers  
say it is not damaged but very little,  
if any.

#### "THE LINEN SHOWER."

Cable news from the Red Cross  
Commissioner in France states that  
the hospitals are in need of bath  
towels, hand towels, sheets, napkins,  
handkerchiefs, etc. The Lake Divi-  
sion allotment will be collected  
during the week of September, 30th,  
by a plan known as the "Linen Show-  
er." Each family is requested to  
contribute as many articles as possi-  
ble from its reserve stock. When-  
ever it seems practical, housewives  
are urged to make up these articles  
from old linen skirts and dresses,  
not too worn, and from pieces of new  
linen that may happen to be availa-  
ble.

Hartford and Ohio County will, we  
believe, respond nobly to this appeal.  
Now is the time to utilize this mat-  
erial which might otherwise be cast  
aside, and let it serve a good pur-  
pose. We urge everyone to enthu-  
sastically and energetically support the  
ladies of the local chapter in collect-  
ing this material.

Dear Sister: I shall write a few

ting along. I am in the hospital

with a slight shell shock, am getting  
along fine, I think I will soon be out  
again. I don't sleep very well at  
night; I think the beds are a little  
too soft for me. I have been sleep-  
ing in dugouts in the ground and  
these nice beds here in the hospital  
seem quite strange. I am getting  
plenty to eat and the chow is very  
good. Of course we don't have pie  
or anything of that sort, because  
things like that can't be had over  
here. I wish I could be at home  
for a few days but I must be content-  
ed here, for a while yet at least.  
I'll be home when it is over over here  
and not before. And we hope that  
will be soon, and everything looks  
favorable now. How is everybody  
around home? Do you ever see  
Oakley? I haven't had any letters  
for a long time I don't see how every-  
one else gets mail, and I don't. I  
think you folks are pulling some-  
thing on me. I am going to quit  
writing if you folks don't snap out  
at it and write once in a while. I  
am sure if you address your letters  
as I give you the address I will get  
them alright. Address them to Pvt.

#### TEN COMMANDMENTS FOR AUTOMOBILE DRIVERS.

1. Toot thy horn—no one else can  
toot it for thee.
2. Thou shalt use thy dimmer at  
night, that thy light may not blind  
those whom thou art meeting.
3. Keep open thine eyes, lest a  
child should stumble in thy pathway.
4. Don't try to fly. Thou art not  
riding in an aeroplane but an automo-  
bile.
5. Respect the Ford. We must al-  
ways pay homage to the weak and the  
small.
6. Thou shalt turn no corners with-  
out first giving warning with thy  
horn.
7. Keep within the speed limit—  
thus preventing accidents, fines and  
forfeiture of license.
8. Thou shalt keep to the right side  
of the road. Remember a buggy  
has as much right to travel as a car.
9. Thou shalt not race with an-  
other car, nor try to make the other  
fellow "eat dust." Many serious  
accidents have resulted therefrom.
10. Remember the Sabbath day to  
keep it holy. Neither shalt thou  
burn gasoline therein. This is posi-  
tive.

#### WOMAN, 65, FILES SUIT FOR BREACH OF PROMISE.

Columbus, Ind., Sept. 21.—Mrs.  
Lucy J. Cline, 65 years old, of this  
city, today filed suit in the Bartholo-  
mew Circuit Court against James A.  
Burns, 75 years old, a Civil War  
veteran, for \$2,500, charging breach  
of promise. The plaintiff alleges in  
her complaint that defendant prom-  
ised to marry her on September 3 and  
that the guests had been invited for  
the wedding, but that the defendant  
refused to fulfill his promise.

#### NINE ARE BURNED TO DEATH IN FIRE AT NEWARK, N. J.

Newark, N. J.—Trapped in a  
cloak room on the top floor eight  
girls and one man perished here to-  
day in a fire which destroyed the  
plant of the American Button com-  
pany. Another girl was killed when  
seeking to escape from the flames as  
she leaped from a window. Nine  
other girls were injured, several  
probably fatally.

The fire started in cans of lacquer  
stored on the second floor.

The plant was engaged in making  
buttons for the army and navy uni-  
forms.

## Food Conservation Program for 1818-1819

### Outlined By Mr. Hoover.

There is no prospect of a proper ending of the war before the campaign of the summer of 1919. To attain victory we must place in France three-and-a-half million fighting men with the greatest mechanical equipments that has ever been given to any Army. While we expect the position on the Western front may be important, from a military point of view, between now and then, there can be no hope of a consummation of the end that we must ensure until another year has gone by.

If we are to accomplish this end in 1919 we will save a million American lives that will be expended if we have to continue until 1920. To give this final blow in 1919 we have not only to find the men, shipping and equipment for this gigantic army, but this army, the Allied Armies and the Allied civil population must have ample food in the meantime if we are to maintain their strength. We can do all these and I believe we can bring this dreadful business to an end if every man, woman and child in the United States tests every action every day and hour by the one touchstone does this or that contribute to winning the war.

The food program is no small part of this issue. To provide ships for our Army; we have not only to build all that we can but we must have the help of Allied shipping. In order that the Allies may provide this, they must ask food ships from the more distant markets and place them upon the shorter run to the United States. We must decrease our imports of sugar, coffee and tropical fruits.

Under these conditions, the demand upon us is for larger supplies. The conferences on food supply and shipping we have in Europe enable us to estimate our burden. Compared with previous years, the Allied civilians and armies, our own armies, The Belgian Relief and certain neutrals who are dependent on us require great amounts from us.

Even this program means further denial by the Allies next year. They are making this sacrifice in the common cause. We maintain the health and strength of every human being among them or they will be unable to put their full strength alongside our own in the supreme effort. At the President's direction, I have assured them that "in this common cause we eat at a common table" and upon entering these conferences in Europe, we promised them that whatever this war-food program called for from us we should fulfill.

If we survey our ability to meet this definite promise to them we find that while our wheat production this year is better than last year, our production of other cereals is less. We have had severe losses through drought in many sections. On balance our resources are no greater than last year, and that however, that we can give this increase in food supplies, of 5,730,000 tons over last year, and still have a margin over the amount necessary to maintain our own health and strength.

At best the Allied table will be less

#### MARRIAGE LICENSE.

A good deal of marrying has been going on in this county recently. As we have been crowded for space we have not reported the license, so we will report all that have been issued since September 1st. They are as follows:

Allen P. Ralph, Hartford, to Gertrude Taylor, Hartford.

Jake Bradley, Gilstrap, to May Butler, Baizetown.

Ronda Faught, Cromwell, to Irma Renfrow, Cromwell.

T. J. Vance, Hartford, to Beulah Austin, Hartford.

Walter Taylor, Baizetown, to Corbie Allen, Renfrow.

Everett Green, Wysox, to Bertha Hope, Wysox.

Audley Atchison, Mellenry, to Ida Ree Stone, Hartford.

Miam Powell, Fordsville, to Gertrude Crowe, Fordsville.

Edgar Kiper, Baizetown, to Ida Smith, Baizetown.

J. B. Morris, White Run, to Loraine Embury, White Run.

Lieut. L. S. Igleheart, Hartford, to Mary Austin Carson, Hartford.

C. D. Williams, Rockport, to Elsie Russell, Echols.

Stanley Petty, Horse Branch, to Maulo E. Raley, Olaton.

Steve Westerfield, Beaver Dam, to America E. Sandefur, Beaver Dam.

#### RED CROSS ITEMS.

The local Red Cross chapter wishes to thank those who have responded so liberally to their appeal for cast-off clothing and other material for the refugees of Hun-ridden Belgium and France. Winter is coming on, and unless the American people come to their rescue, thousands will perish with the cold. The Red Cross sent

than ours, for the Allied people are denying themselves more in order to transport to our soldiers. We can do no less than fill the ships they send us. Of our imports, we shall apparently have sufficient sugar to maintain the present consumption and take care of the extra drain of the Allies from our markets. Instead of compelling them to send their ships to the far East. We can secure in sailing vessels the coffee we need, if none makes an over-brew. Of our own products we must secure a reduction in consumption and waste in the two great groups of, first breadstuffs; and second meats and fats; that is in all bread and cereals, beef, pork, poultry, dairy and vegetable oil products. The average consumption of our people of breadstuffs amounts to about six pounds per week and of meats and fats half pound per week per person in each of these two great groups of food would accomplish our purposes. We wish to emphasize, however, that we do not want curtailment in the use of milk for children.

Some of our homes by reason of limited income cannot now provide more food than they should have to maintain health in the family. They cannot rightfully be asked to make the suggested reduction in consumption. But the great majority of our homes can do more than suggested.

We need even greater simplicity of living than last year amongst all that section of the community to whom foodstuffs are a secondary item in expenditure. We estimate that nearly 9,000,000 people eat at our public eating places, hotels, restaurants, boarding houses, clubs, dining-car and so forth. The food consumption in these places is larger than in the average homes. We are asking the proprietors and employees of these institutions to undertake in many particulars a more strict program than last year, and we are confident that they will willingly do this.

This is not rationing a thing we will never have if our people continue to support us as in the past. We are simply making an appeal to the intelligence in the homes and public eating places of America to work out for themselves the names and manner of saving.

This year as last I believe we can accomplish the necessary end by voluntary action of our own people. The willingness to assume individual responsibility in this matter by the vast majority is one of the greatest proofs of the character and idealism of our people and I feel it can be constantly relied upon. Our simple formula for this year is to further reduce consumption and waste of all food. We have so arranged the International Food Program, that, except for a moderate substitute one foodstuffs for another, nor to resort to wheatless and meatless days. What we need is to reduce directly our consumption of all foodstuffs, laying especial stress on great staples we can provide.

CLARENCE JAMES,  
Co. Food Adm'r.

ent request last week for all old clothing and material suitable to be made into wearing garments, and a great amount of such matter has been brought to the local chapter.

The ladies meet every Tuesday and Thursday for sewing and knitting for our soldier-boys. For some time dearth of material has hindered their work, but now there is a prospect of soon obtaining yarn and other material and it is probable that they will be able to fill all quotas as fast as they are received.

The Liberty Tea room will serve those who are in town Saturday with those dainties which most people enjoy. Don't fail to call around and see them where in town; remember every cent you spend there is going for a good purpose.

#### FORDSVILLE SCHOOL FAIR.

The annual county school fair will be held at Fordsville on Saturday, October, 19th. All things are ready and plans laid for one of the most successful educational events in the history of the county's schools. Many schools are expected to take part and prepare exhibits. All exhibits must be in on Friday, October, 18. All displays and entries will be made before 9 o'clock, Saturday. The parade will begin at 9 a. m. The prizes will be given out at 3 p. m. All schools that will be expected to come out, prepare exhibits and take part in this parade and exhibitions. Professors Warren Peyton and C. E. Allen, the committeemen in charge, have arranged all details and with the likelihood of beautiful weather, the occasion bids fair to be successful from every standpoint. All who are interested in progressive education should attend and take part.

### Mrs. Willard's Case Baffled Several Skilled Physicians But Vin Hepatica Cures Her.

Mrs. Melissa Willard of Route No. 2, Milton, Tenn., for years an invalid, writes a most remarkable story of her relief. She says:

"I was simply an invalid for years, unable to do anything. Everything I ate would almost kill me. Was under treatment of several doctors for a number of years, but could get no relief until I began taking Vin Hepatica."

"I now eat things that I haven't been able to eat for years. Was so nervous and restless I hardly slept at all. Now I rest well and am feeling better than I have felt for years, and I owe it all to Vin Hepatica. I am 68 years old."

Testimony like this comes in from every quarter. Vin Hepatica is a truly wonderful remedy composed of eight of the finest herbal remedies known to medical science. Come in and get a bottle and try it on our recommendation.

#### APPEAL TO TEACHERS.

##### Beaver Dam, Ky.

Dear Teachers:

As the Fourth Liberty Loan Campaign is on, the teachers of Ohio County are called upon and expected to do their part. I have been appointed Chairman of the teachers of the county and have been asked to call upon them to assist in this campaign in a way to get the most results. It is not possible to get all or a very great number of teachers together to confer with them in regard to plans. But after conferring with some of the teachers we have decided upon the following plan and hope that it will meet with the approval of all the teachers and that each one will do his or her part so far as can be done. In the first place each teacher in the county should buy a bond of some denomination as early in the campaign as possible. When the teachers have done this much they will feel more like doing their part to get the other fellow to buy. In the second place, we are asking the teachers to observe the week beginning October 7 as patriotic week in this campaign. This can be done very effectively by preparing a patriotic program of songs, readings, etc., and rendering this program at the school some evening or afternoon to which all the parents have been invited. The parents should not only be invited but the program so well advertised that they will not fail to come. After the program has been rendered by the children, have some one present who can make a speech. When all is over, have some of the children who can talk bonds ready to sell some. If the teachers prefer, two or more schools could go together and have a program in common, by all means let each school do something. The Beaver Dam school has prepared a pageant for Tuesday evening October 1 and is preparing another program for October 9. What one school can do every school can do. Hoping that each school will do all in its power, I am at your service.

E. E. TARTAR.

#### BROOMS NOTICE.

I have purchased two broom machines and am prepared to make your brooms. My prices are, for clean stock, 35 cents per broom or one half of the corn. Where broom corn is not cleaned 2 cents extra, terms strictly cash. I furnish everything but the corn and guarantee good work. Bring your broom corn to my house on the Litchfield road 4 miles east of Hartford or take it to Robert Schroaders near Schroaders' school house, or if more convenient, leave it with S. L. King, Hartford, Ky., and I will call for it and return brooms later. You must securely bundle and tag your corn. Will pay 2 cents each for good, old broom handles.

### THINK OF IT

50,000 Persons Publicly Recommend Our Remedy. Some are Hartford People.

Over one hundred thousand have recommended Doan's Kidney Pills, for backache, kidney, urinary ills. Fifty thousand signed testimonials are appearing now in public print. Some of them are Hartford people. Some are published in Hartford. No other remedy shows such proof. Follow this Hartford man's example.

L. P. Turner, farmer, Clay street, Hartford, says: "I am glad to recommend Doan's Kidney Pills because they relieved me when my kidneys and back troubled me. I consider Doan's Kidney Pills a reliable kidney medicine and deserving of great praise."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Turner had. Foster-Milburn Co., Props., Buffalo, N. Y.
